Query Entry Results

This page is used to update an entry. The options are Pending (not yet reviewed), Denied (reviewed but not acceptable at this time), and Approved (reviewed and accepted).

Begin by using the drop down items to narrow your search.

For each entry you wish to update, modify the status and click update.

Name	Genre	Link To Preview	Approval
Over the Rhine	Folk	Preview	<input type="button" value="Pending"/> <input type="button" value="Update"/> <input checked="" type="checkbox"/>
Randy	Alternative	Preview	<input type="button" value="Denied"/> <input type="button" value="Update"/> <input checked="" type="checkbox"/>

All Genres

All Genres

- Alternative
- Blues
- Classical
- Country
- Dance
- Electronic
- Folk
- Gospel
- Opera
- Other
- Pop
- R&B
- Rap/HipHop

- Rock
- Singer/Songwriter
- World

Entry Approval allows you to approve, deny, or delete entries as you see fit.

Query entry results

Option 1 allows you to query entries based on All entries, Pending entries, Approved entries, or Denied entries.

Option 2 allows you to query entries based on Genre.

Note: you may combine Option 1 and 2 to narrow results even further.

Click search to display desired results.

Update Entry Status

Entry Approval

This page is used to update an entry. The options are Pending (not yet reviewed), Denied (reviewed but not acceptable at this time), and Approved (reviewed and accepted).

Begin by using the drop down items to narrow your search.

For each entry you wish to update, modify the status and click update.

Name	Genre	Link To Preview	Approval
Over the Rhine	Folk	<input type="button" value="Preview"/>	<input type="button" value="Pending"/> <input type="button" value="Update"/>
Randy	Alternative	<input type="button" value="Preview"/>	<input type="button" value="Denied"/> <input type="button" value="Update"/>

Updating an entry

Before updating an entry, you may preview the entries Bio Page that will be generated for public viewing. Click on Preview, and the Bio Page will be opened in a new window.

Once content has been verified, select your desired action from the status list (2) and click Update (3).

If you wish to permanently remove the entry, click the Delete button (4)

Specific Genre Page is generated from entries that have been approved from the Entry Approval page.

Upon entering the Specific Genre Page, the data base is queried and the appropriate entries that apply to the desired Genre and have been approved are listed.

Each entry displays the entry image that was uploaded through the registration form, the entry Band/Artist Name and a brief Bio description with a link to view the entries Bio Page.

Voting Button/Vote totals

Upon entering this page, the database is queried to determine if the user has voted for this entry within the last 24 hours.

If they have voted within the last 24 hours

- The Band/Artist total votes are displayed

If they have NOT voted within the last 24 hours

- Voting buttons are displayed.

Bob and David

Year Formed:

2011

Bob Beach has been a working professional musician for more than 40 years, adding harmonica, flute and vocals to a broad scope of genres. Bob is currently available for studio and live performance work in the Philadelphia area as well as nationally. A native Philadelphian, Bob relocated to Western PA after high school. From 1976 to 1997 Bob worked in bands and other musical projects based in the city of Pittsburgh. Since returning to Philadelphia in 1997 Bob has been a vital part of the local music scene. A volunteer at the Philadelphia Folk Fest since 1998 Bob has also performed at the fest many times since 2002. He leads the official campfire open mic each year. As a sideman he has recorded or performed with both local and national acts such as; Ollabelle, Langhorne Slim, the Avett Brothers, Pat Wictor, Beaucoup Blue, Fruit and many more. Bob performs live with the Bob Beach Trio, Mason Porter, Lizzanne Knott, Wyldlyfe, Hezekiah Jones, Spinning Leaves, the Cat's Pajamas, Philadelphia Jug Band, the Youngers, Hoots and Hellmouth, David Jacobs-Strain, and others. David and Bob recently released "Live From the Left Coast" recorded in Eugene, Oregon. Bob also is a sound engineer at The World Café Live music venue and books artists for the Lansdowne Folk Club, Concerts at the Beach House and other events and venues in the Philadelphia area.

Reset Votes

The option to Reset Vote counts has been added. Upon resetting the votes all appropriate and applicable content relating to voting is reset or removed. This includes table content containing IP Addresses and voting times for each IP Address that has voted along with resetting each entries vote count to zero.

PASSWORD TO RESET VOTES: @dmin0h

Database Setup

Entries – contains the core of the registration data

- UserID – int(11), auto increment – generates entry ID number
- Name – char(50) – used to hold Band/Artist Name
- Genre – char(30) – specifies entry's selected Genre
- Members – text – contains members of entry band
- MusicallyTrained – tinyint(1) – holds Boolean value of true or false
- ContactPerson – char(30)
- Email – char(30)
- YearFormed – char(4)
- Location – char(30) – used to hold county location
- YouTubeLink – char(100)
- WebSiteLink – char(50) – used to hold link to Band/Artist personal website
- ImgSrc – char(50) – used to hold file name of Band/Artist image they choose to upload. When uploading image, the file name is overwritten to the format of UserID_Band/Artist Name
- Bio – text
- Approval – entry status. Defaulted to Pending until modified by Admin
- Votes – bigint(20) – total vote count. Initialized to zero.

MailingList – contains the address information for each registration entry

- UserID – int(11) – contains the UserID from the Entries table
- Name – char(30) – contains the Name from the Entries table
- Address1 – char(50) – first address line from registration form
- Address2 – char(50) – second address line from registration form
- City – char(30)
- State – char(2)
- ZipCode – char(5)
- Phone – char(14) – through the entry submission all non-numerical characters stripped

Genre – contains all genres available to select from. These genres are used to populate the drop-down list on the registration form as well as the genres available on the Listen & Vote page. If the value of Include is set to 1 (true) then the Genre will be displayed

- Genre – char(30)
- ImgSrc – char(30) – used to specify the default image for icon
- RollOverSrc – char(30) – used to specify the rollover image for icon
- Include – tinyint(1) – 1 is true to include, 0 is false to NOT include
- ID – int(11) – set to auto increment

LocationRegion – contains all county Locations to select from. These Locations are used to populate the drop-down list on the registration form.

- Name – char(30) – used to hold county
- State – char(2) – specific state for county
- Include – tinyint(1) – 1 is true to include, 0 is false to NOT include
- ID – int(3) – set to auto increment

VoteTracking – contains IP Addresses and Time of user vote for each Genre. This limits the user to vote once per Genre every 24 hours.

- Genre – char(30)
- TimeOfVote – datetime
- IPAddress – varchar(20)
